Tikathali, Lalitpur, Nepal

+977 9762791214 | anujghimire41@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Computer Science student with a strong foundation in frontend development, specializing in React and Tailwind CSS. Currently expanding backend knowledge with Node.js, Express, and MongoDB to develop full-stack applications. Experienced in building responsive user interfaces and integrating REST APIs through personal and academic projects. Seeking an to apply and further develop practical skills in a professional environment.

Experience

Zylux IT Solution

Frontend Developer

August 2026 – Present

On-site

- Working as a Frontend Intern, contributing to the development of responsive and user-friendly web interfaces using React and TypeScript.
- Designed and built multiple landing pages with a focus on modern UI/UX, performance optimization, and mobile responsiveness.
- Developed the frontend of a construction company website, implementing clean layouts, reusable components, and smooth user interactions.
- Continuously improving frontend skills by working with modern tools such as React, Tailwind CSS, and Vite in a real-world development environment.

Projects

Task Manager System | *Personal Project*

2026

- Built a full-stack task management application using React, Node.js, Express, and MongoDB with secure JWT-based authentication.
- Developed RESTful APIs and implemented full CRUD functionality for user-specific task management.
- Designed a responsive frontend with clean UI and seamless API integration.

Quiz App | *Final Year Project*

2026

- Developed a full-stack quiz application using the MERN stack with SM-2 spaced repetition to improve long-term learning.
- Implemented adaptive difficulty system based on user performance.
- Built REST APIs and integrated dynamic question rendering with real-time evaluation.
- Live: [Link](#)

eCommerce Site | *Personal Project*

2025

- Built a functional ecommerce site using React and Tailwind CSS.
- Focused on clean UI design and component-based architecture.

Technical Skills

Languages: JavaScript, Typescript

Frameworks/Libraries: React, Next.js, Node.js, Express.js, Mongoose

Databases: MongoDB

Tools & Platforms: Git, GitHub, Postman, VS Code, Vercel, Render

Core Concepts: REST APIs, JWT Authentication, MVC Architecture

Soft Skills: Team Coordination, Problem-Solving, Time Management

Education

Patan Multiple Campus (affiliated with Tribhuvan University)

Bachelor of Science in Computer Science & Information Technology

Final Year (8th Semester), Expected Graduation: November 2026

Jul. 2023 – Present

Patan-Dhoka, Lalitpur

Relevant Coursework: Data Structures, Algorithms Analysis, Database Management, Software Project Management, Object-Oriented Programming, Artificial Intelligence, Internet Technology

Languages

Nepali (Native), English (Intermediate)
